

ABOUT US

The DIALOGMUSEUM is a social enterprise housing the "DIALOGUE IN THE DARK – an exhibition to discover the invisible". Small groups of visitors are guided by blind or visually impaired experts through a lightless course with changing themed rooms. The result is an incomparable role reversal training the senses and empathy and making inclusion a direct experience.

The exhibition concept was first developed in Frankfurt am Main 30 years ago. Today, it is considered an outstanding example of social entrepreneurship. "DIALOGUE IN THE DARK" is a franchise exhibition of Dialogue Social Enterprise.

In Frankfurt the DIALOGMUSEUM was founded in 2005 and has attracted almost a million visitors until 2018. Since 2021 the new museum is located in the city centre.
